

BPS Clever Portal for Student Access

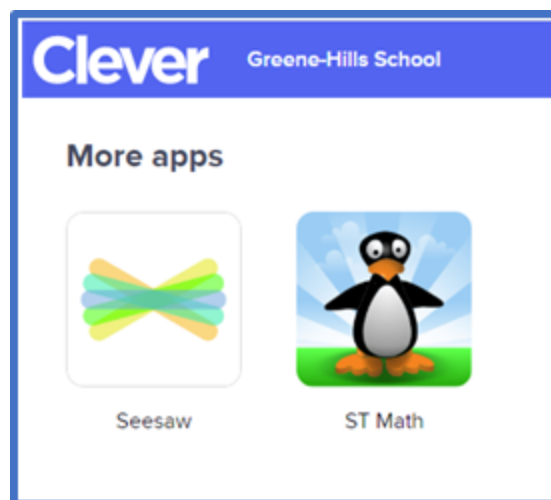

What does Seesaw look like? [Watch this video.](#)

Students in Preschool - Grade 2 will use the Clever platform to access Seesaw and ST Math to support remote learning.

What is Clever?

Clever is a single sign-on (SSO) portal. Students will log into Clever and access all applications (currently Seesaw and ST Math) that the district has available to students. Students will need only **ONE username and password** and sign in at ONE TIME to access multiple apps automatically.

Our Pre-K - 2 students will use their [District Google Login](#) or their [Clever Badge](#) to sign in to Clever. Your student's teacher will email you the account information.

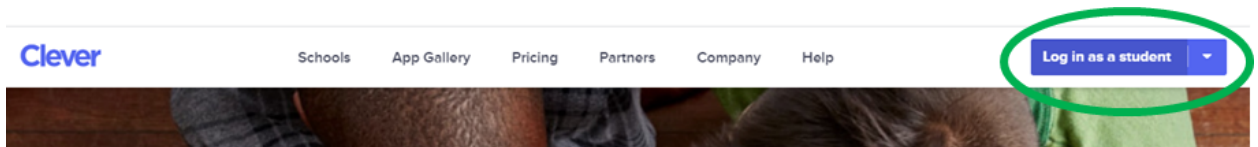

Please note the following:

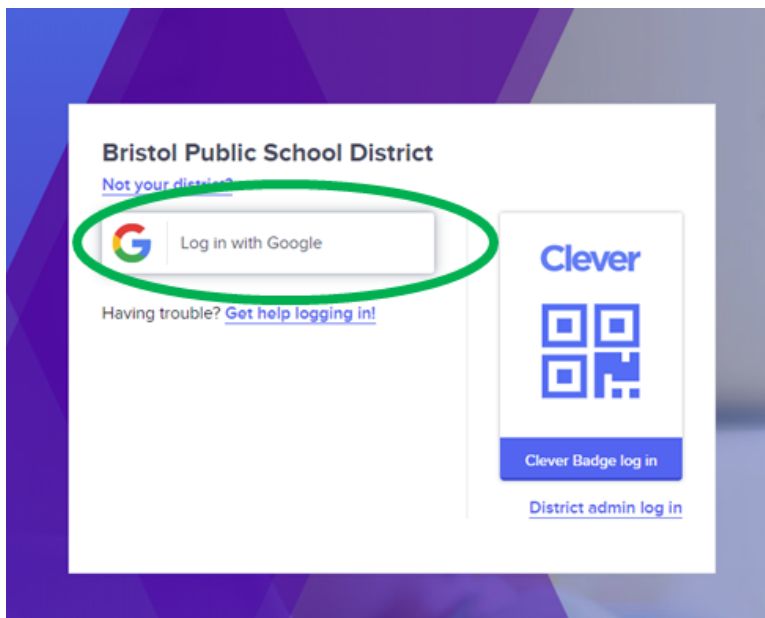

- The initials in the password must be upper case.
- Many Grades K-2 students have already used their username and password.

How Students Log Into Clever Using the Google Username and Password ([Click here](#) to see how to log in with a Clever Badge)

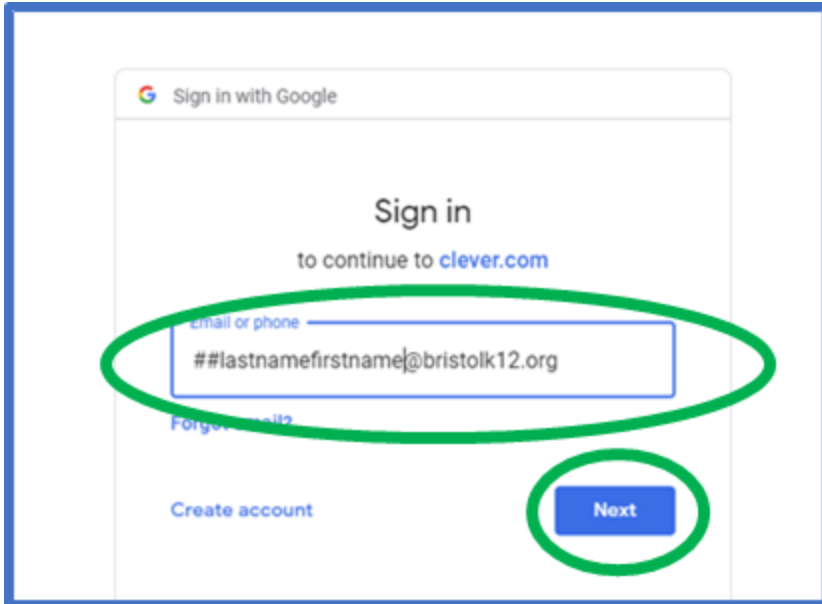

1. Go to clever.com
2. Click Log in as a student button

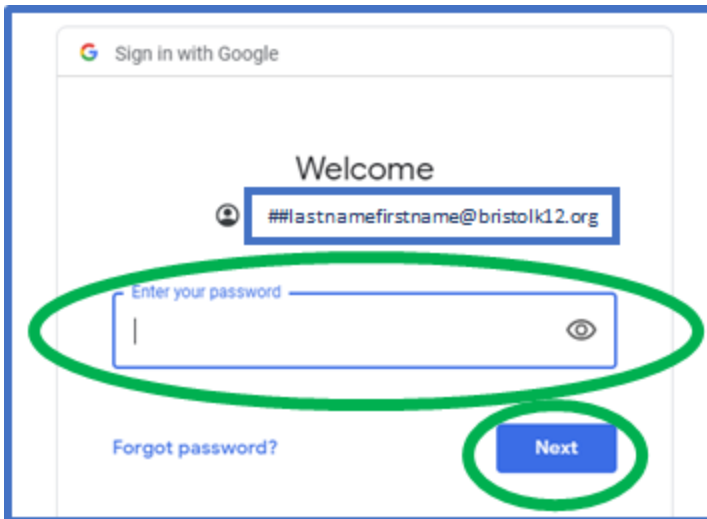

3. Search for your school. This will bring you to the BPS sign in. Click on Log in with Google.

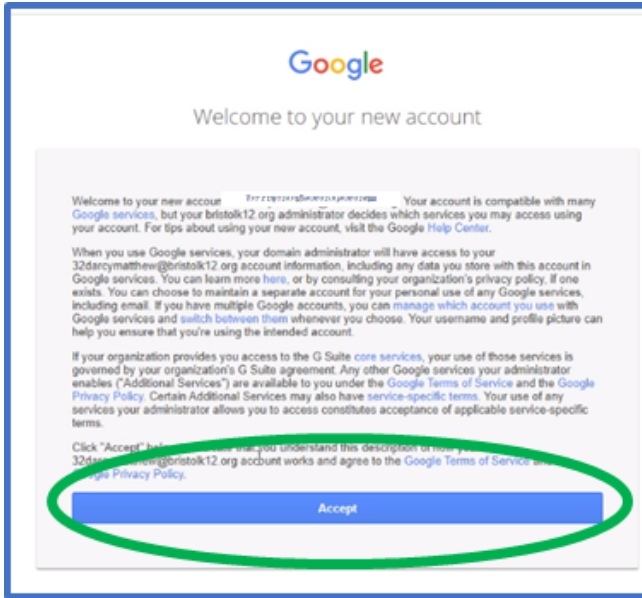

4. Enter the student username, click Next

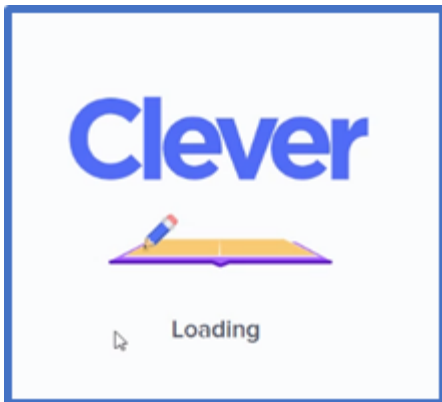

5. Enter the student password, click Next

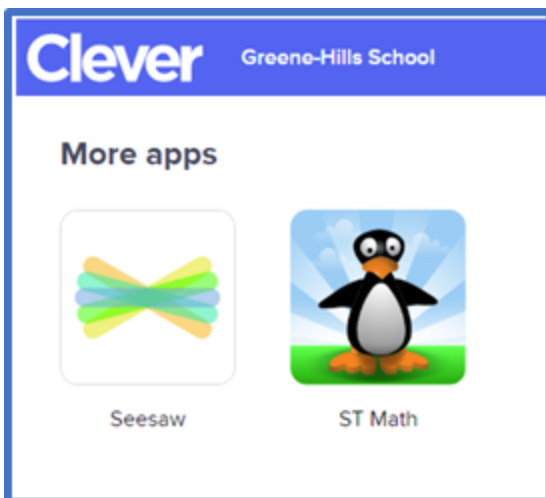

6. The FIRST TIME the student signs in, Google will ask to connect Clever to the Google Account and to accept the Google account. This is the BPS Google system and is safe to accept. We recommend parents/guardians read the notice. Click the Accept button to proceed. This is the only time the student will do this step. Visit [Clever's Privacy Policy](#) for more information.

7. Clever will now load:

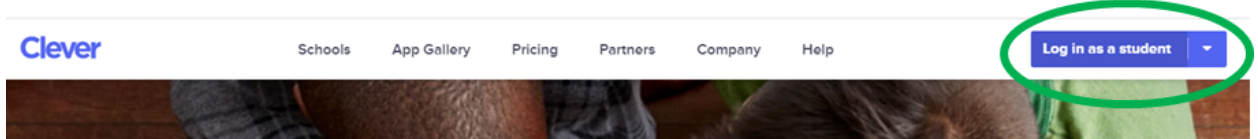

8. Students will now be logged into the Clever Portal and can use any apps by clicking on the app.

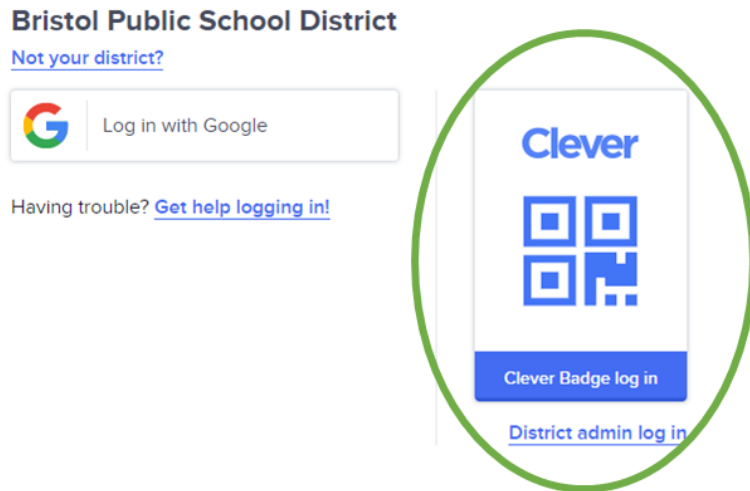

How Students Log Into Clever Using the Clever Badge

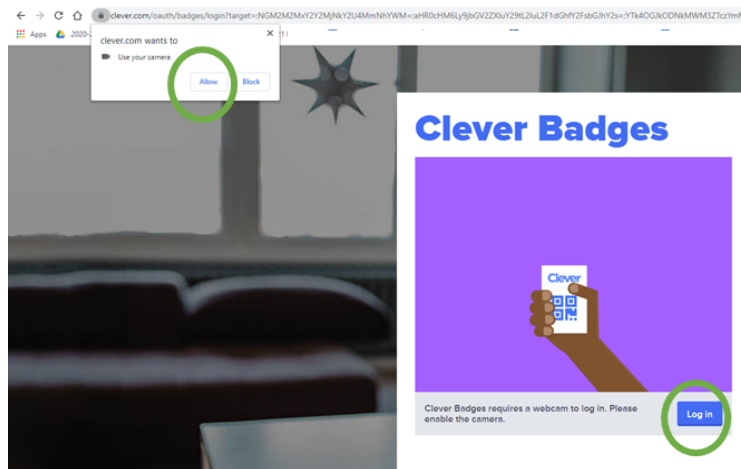

1. Go to clever.com
2. Click Log in as a student button

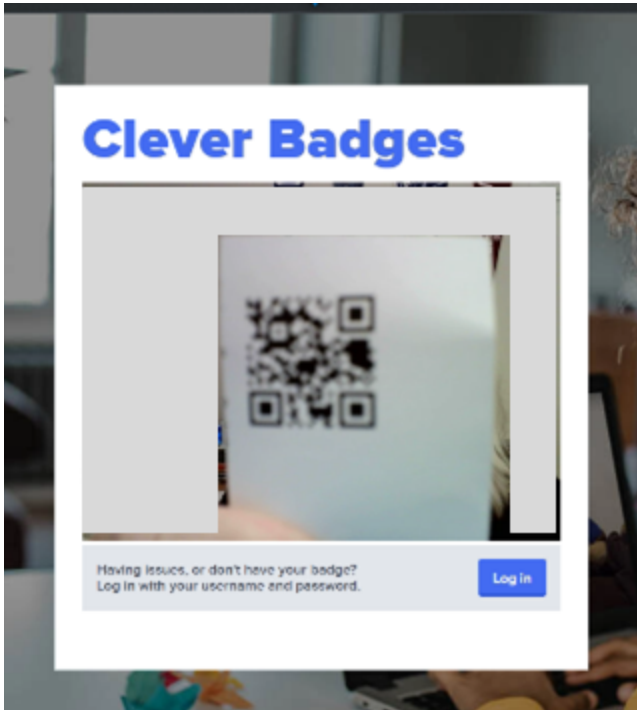

3. Search for your school. This will bring you to the BPS sign in. Click on Log in with Clever.

4. The next screen may ask you to enable the camera. Clever needs to use the camera to read the Clever Badge. Click the Log in button

5. Hold the Clever Badge up to the camera to log in

6. Students will now be logged into the Clever Portal and can use any apps by clicking on the app.
